Filter & Scientific Glass Summary

You will find the following filter category graphs below:

UV Absorbing / VIS Transmitting
 UV Transmitting / VIS Absorbing
 Blue
 Blue Green
 Green
 Sharp Cut Yellow
 Signal Yellow
 Uranium Yellow

Amethyst
 Sharp Cut Red
 IR Transmitting / VIS Absorbing
 IR Absorbing / VIS Transmitting
 Black
 Wavelength Calibrating
 Color Correcting
 Neutral Density

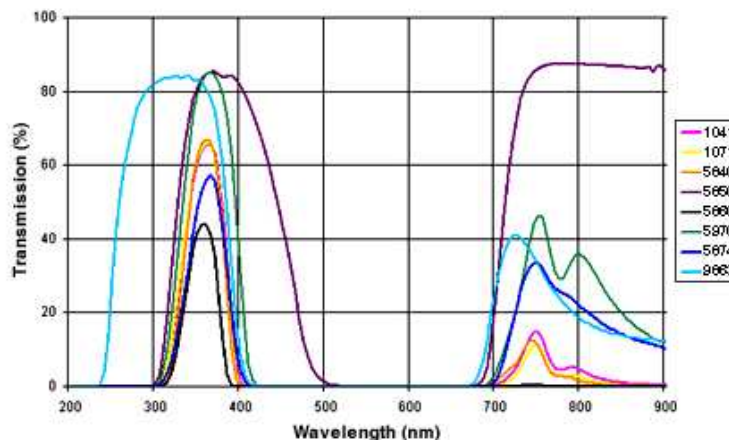

Ultraviolet(UV) Absorbing / Visible(VIS) Transmitting

News & Tech Bulletins

7.12.2011

New Low Weight Glass Formulations

- Kopp Glass announces successful development of two low weight, high transmission, White LED-compatible, NVIS Formulations

12.16.2010

Kopp Glass Installs New Goniophotometer

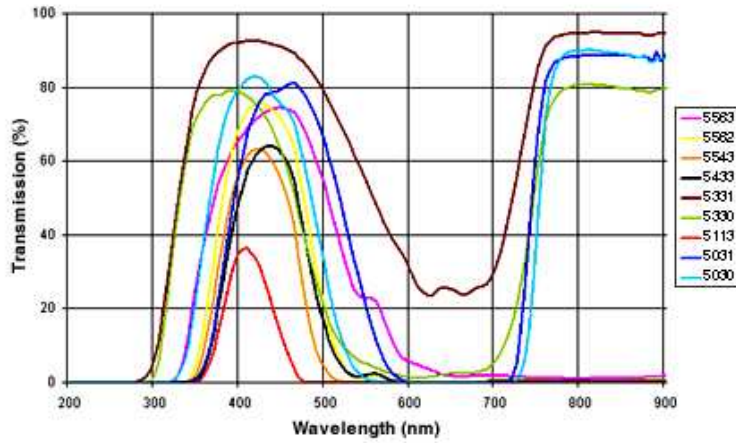

- Kopp Glass

announces successful installation of new goniophotometer manufactured by Sapphire Technical Solutions, LLC.
